

## Product Change Notification

**PCN No:** 2013-04-10-01  
**Report Date:** April 10, 2013  
**Subject:** Alphanumeric 8x2 yellow/green Display Update

---

### List of New / Changed Products:

All the following alphanumeric displays:

LCD0821 (-V and -E options), yellow/green only
--

### Reason for Change:

Matrix Orbital has updated the 8 character by 2 line yellow/green Japanese font display that is used in the LCD0821 (yellow/green product) for Matrix Orbital display standardization purposes.

### Product Change:

We will now be using an 8 character by 2 line yellow/green European font display. Please compare the following Japanese (old) and European (new) character sets in the following tables.

There is also a minor change in the mounting holes of the new display; diameters are now 2.5mm instead of the old 3.5mm.

Japanese Font Character Set (old):

Lower 4 Bits \ Upper 4 Bits	0000	0001	0010	0011	0100	0101	0110	0111	1000	1001	1010	1011	1100	1101	1110	1111
